EDUCATION

Bachelor of Science - Computer Programming
George Brown College // Toronto, ON // Expected in April 2026

RELEVANT COURSES

- Introduction to OOP
- Data Structures and Algorithms
- Introduction to fullstack development
- Linux Essentials
- Advanced Web development in ASP.NET
- Advanced Web development in PHP

PROFESSIONAL SUMMARY

I'm currently a second year computer programming student in my 4th semester. I have experience developing projects in Javascript(React and TypeScript), C#(using the ASP.NET framework and following principles of OOP), PHP using Laravel and in Java. On top of these technical skills, I'm currently developing an interest in machine learning and trying to learn as much as i can about the field. Additionally i possess proper debugging and problem solving skills that allow me to successfully go about issues in development in a creative and effective manner.

SKILLS

- JavaScript programming
- C# programming
- Proficient in PHP development
- Proficient in ASP.NET
- PostgreSQL database management
- Java programming
- Experienced in Python programming
- Skilled in React development
- Proficient in MySQL querying

WORK EXPERIENCE

George Brown College Casa Loma Campus
Computer Lab Monitor // Toronto, ON // May 2024 to Current

- Enhanced computer lab efficiency by maintaining and troubleshooting hardware and software issues.

- Ensured smooth computer lab operations with regular equipment checks and maintenance tasks.
- Collaborated with IT staff to resolve complex technical issues affecting the computer lab infrastructure.
- Maintained a clean and organized workspace, ensuring optimal functionality for all users.
- Collaborated with other monitors on scheduling shifts, ensuring full coverage during operational hours.
- Promoted a safe computing environment through the enforcement of computer lab policies and guidelines.
- Supported all computer lab operations.
